

Website Changes

Earlier this month, BCECA implemented further changes to the Membership and Resources sections of its website. The new [Associate Membership](#) was launched and its benefits are now listed in the Membership section. The [Resources](#) tab has been expanded to now include four subsections: Intelligence; News Feeds; BCECA Project Profiles; BCECA Newsletters. A further sub-section on BCECA People Profiles will soon be added. Content for each of these pages is always welcome, particularly the Project and People Profiles.

BCECA Joins the Process Safety Forum

The [Process Safety Forum](#) was set-up following the Buncefield incident in December 2005 by a number of Trade Associations across a range of sectors, including the UKPIA, CIA, TSA, NIA, O&GUK and RSSB. Its aim was to provide a platform whereby initiatives, best practice, lessons learned from incidents and future strategy could be distilled and shared across sectors to drive

the management safety performance agenda and influence stakeholders. BCECA is delighted to have been invited to join this knowledgeable and influential forum. Its current representatives are Tracey Shelley, as CEO, and Adrian Bunn, as Chair of BCECA's DS&E Committee.

ECITB Train to Retain Grant

To help inscope companies during this difficult period, ECITB recently announced a [£4.5m grant scheme](#) to support the ongoing development for up to 12 months of apprentices and graduates whose opportunity to continue in their recognised industry programmes has been suspended or impacted by Covid-19. **Applications for the grant must be made by 7th July** and funding decisions in principle will be awarded from 15th July.
