

## New BCECA Member

BCECA is very pleased to announce that Emerson Automation Solutions have recently joined as a Supplier Member. The global technology solutions and manufacturing company employs over 1,100 staff in the UK. Emerson is working on a range of innovative energy transformation projects, including a partnership with Cleantech 100 listed company Bayotech to accelerate the delivery of cleaner, lower-cost hydrogen at the point of use.

Worley's Director of Supply Chain Management, Craig Bennett, who chairs BCECA's Supply Chain Managers' Committee, said: "The engineering contracting sector is committed to delivering the UK government's net-zero goals. This cannot be achieved without the full engagement of our supply chain partners, and I'm delighted to welcome Emerson to the BCECA community."

## New BCECA Director

BCECA would like to welcome its newest Board and Council Member, Usman Darr, MD Engineering & Consultancy (UK) with Kent. Usman has been a long-standing supporter of BCECA, having previously sat on the BCECA Council for Petrofac. In accepting the Board position, Usman said, "I am honoured to take up this role and look forward to having the opportunity to contribute to our industry".

## Global Expansion Conference

Two BCECA representatives participated in the recent Global Expansion Conference which was held in London and organised by BCECA friend, Asma Bashir, Chairwoman of Centuro Global.

- Debbie Whitmore, HR Director with McDermott, was a member of the panel discussing Technology, Talent and the Skills Gap
- Tracey Shelley, BCECA CEO, was a panel member discussing Diversity and Inclusion.
