

New BCECA People Profiles

In celebration of International Women in Engineering Day 2022 (INWED) on 23 June, BCECA created and published four new People

Profiles, featuring female engineers from BCECA Member companies, at different stages of their careers, who participate in various BCECA committees. These new profiles illustrate how much can be achieved by female engineers and the leadership roles that they are playing within our Member companies:

- Nicola Grieve – Senior Vice President, Aker Solutions and BCECA Board
- Helen Kilbride – Process Director, Fluor and BCECA Process Managers Committee
- Batrisyia Khir – Process Engineer, Cameron Schlumberger and BCECA Young Engineers Committee
- Jo Torkington – Chief Process Engineer, Bechtel and BCECA Process Managers Committee

These and other People Profiles can be seen on the Resources section of the BCECA website: [BCECA | BCECA People Profiles](#)

BCECA Conference Update

Preparations for the BCECA Virtual Conference, “The Energy Transformation Challenge”, taking place on Wednesday 5th October, are almost complete. The agenda has now been finalised with a range of presentations by both internal and external speakers. Five event sponsors have been confirmed to date:

There are a few limited sponsorship opportunities still being available. For more information on these, please click [here](#).

On Monday 27th June, the delegate registration system was opened to selected Members and guests, providing an advanced booking window for the conference prior to general industry registration. As places at this free-to-attend event are limited, please ensure you register ASAP. If you haven't received your invitation to register, please click [here](#).
